

Hand-Held Labeling Solutions

Meto® | Primark® | Kendo | Judo

Great for Retail, Distribution & Quality Assurance!

Features & Benefits

- Communicates endless combinations of pricing and promotional information on a pressure sensitive label
- Assists in inventory control
- Enhances comparative shopping

SATO/Meto offers a variety of one, two and three line hand-held labeling systems, ideal for low- and high-volume users. Utilizing a hand-held labeling system allows users to quickly mark thousands of items quickly and reliably. Used for most merchandising and coding applications, these solutions are available in a variety of choices that will suit virtually every customer need. The application options are endless.

Complete A-Z character capability is available, giving you the ability to print your own customized messages. Additional stock bands allow for tool customization to meet special messages.

The lock-in print band feature provides greater accuracy when selecting the character's position. With each tool, users can quickly load and exchange ink rollers and label rolls.

Engineered for durability and impact resistance, SATO/Meto tools provide years of dependable service.

Meto® PL Series One, Two and Three Line
